PUBLIC INSURANCE ADJUSTERS

About Us

Allied Public Adjusters, Inc. is a public insurance adjusting company licensed by the state of Florida. We deal with any loss of your insured assets due to FIRE, FLOOD, HURRICANE, WINDSTORM, WATER DAMAGE, PIPE BURST, LIGHTNING, VANDALISM and THEFT.

Allied Public Adjusters are professional loss consultants who work exclusively for you—not your insurance company. Our office is centrally located to serve all of South Florida. We have the resources and experience to thoroughly investigate your loss, accurately prepare, document and submit your claim, and secure a full, fair, and expedited settlement.

Insurance companies have adjusters representing them, why shouldn't you have an adjuster representing you? Adjusters who represent the insurance company, work FOR the insurance company. Their job is to settle for the least amount as possible. Allied Public Adjusters works for YOU. Our job is to maximize the claim you are entitled to.

Allied Public Adjusters has handled thousands of claims and recovered millions of dollars for our clients.

For many homeowners, the preparation of a property damage claim without the assistance of their own insurance loss adjuster working on their behalf is unfamiliar territory. The documents are filled with complicated jargon and calculations that only a claims adjuster will thoroughly understand: depreciation, replacement costs, and actual cash value. At times, the list seems endless, especially when you have enough on your hands just getting your life back together. But it's your responsibility to document and prove your claim to the insurance company, either by yourself or with the aid of a public adjuster.

Many policyholders just like you have asked the same questions: How do I estimate my loss? Will I recover enough to rebuild? Can I do this myself, without a public insurance adjuster? This uncertainty is easily removed through the professional assistance of our public adjusters.

What is a Public Adjuster?

Public adjusters are the only category of insurance adjuster who work exclusively for you, the policyholder.

What will Allied Public Adjusters do for you?

After a loss, we maximize your insurance claim, which is the foundation for your successful financial recovery.

Allied Public Adjusters works for you, our client, not an insurance company. We will give you a fair and accurate assessment of your property's damage and make sure that you get back what you deserve for your insurance claim. If there is no recovery, then we don't charge a fee! It's that simple.

When dealing with flood loss, fire loss, or the results of another disaster, property insurance claims present a unique challenge to business owners trying to work without the help of their own claims adjusters. Not only are you faced with critical business recovery decisions, you are also responsible for damage mitigation, and may soon find yourself navigating a complicated insurance claim complete with business interruption calculations and the need to produce reams of loss detail for your insurance carrier that may be hard to understand without the assistance of your own insurance claims adjusters. It is definitely a good time to call in an established team of expert public adjusters to handle your claim settlement.

What will Allied Public Adjusters do for you?

No one knows your business better than you do, and following a major loss is perhaps the most critical time to apply that knowledge toward a successful recovery. A crucial foundation, however, is the financial component. That's where we come in:

- evaluating your insurance policy to establish the best possible strategy for presenting your claim to the carrier;
- valuing, documenting and substantiating every detail;
- negotiating on your behalf with your insurance company;
- keeping you informed every step of the way; and
- ultimately settling the claim for the maximum amount and with infinitely less hassle for you.

Types of Claims

What disasters does Allied Public Adjusters handle?

We can help you recover from any disasters covered under your property insurance policy and its endorsements.

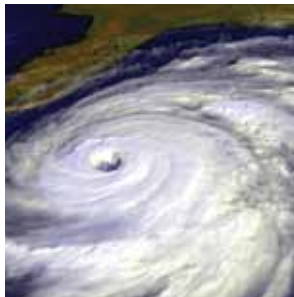

Each of these holds its own unique challenges when it comes to substantiating your claim. With decades of experience and more senior and certified professional public adjusters on staff than any other organization of its kind, Allied Public Adjusters has faced them all, successfully bringing thousands of business owners through every type of disaster.

Contact us today to tap into our expertise and ensure the best possible outcome for your claim.

Our Mission

Allied Public Adjusters are professional loss consultants who work exclusively for you—not your insurance company. Our office is centrally located to serve all of South Florida. We have the resources and experience to thoroughly investigate your loss, accurately prepare, document and submit your claim, and secure a full, fair, and expedited settlement.

Our loss consultants understand complicated insurance policies and have the specialized expertise to prepare detailed inventories and estimates of damage to residential and commercial, real and personal property. We also compute loss of business income and extra expense claims. We've helped businesses recover from fires, hurricanes, tornadoes, and other storms, floods, earthquakes, and many other kinds of disasters. Whether the damage affected a single room or devastated an entire region, we were able to help our clients get a fast, fair settlement.

Our local presence means we can respond quickly and knowledgeably to your needs. We are able to coordinate all emergency service needs such as board-up, water extraction, damage repair, or fencing, allowing you to quickly meet your obligation to mitigate the damages. We are experienced with the types of natural disasters that strike here, the companies that insure here, and how local claims are handled. We can draw on the resources of hundreds of experts and handle even the largest cases! Put your trust in Allied Public Adjusters to handle all of your adjustment needs!

Our service fee represents a small percentage of the claim settlement. It is generally offset by our ability to obtain a better settlement than you would be able to obtain on your own. In fact, there is no fee if there is no recovery. That's how confident we are that we'll go to bat for you... and score a home run.
